

VIRTUAL CHILDCARE: CAMBIAN CARE SWAP

This two-week course is part of a national training programme run on behalf of the Cambian Group and will prepare you to start work in any one of their locations across the UK.

The course has a strong focus on health and care and is delivered by one of our industry experienced tutors. They will support you in developing your skills and in the application process to become a Childcare worker.

Topics covered include:

- Health and safety awareness
- Principles and values
- Person-centered support
- Service provision and roles
- Introduction to mental health
- Autism awareness
- Working in children's and young people's settings.
