

PREPARING TO WORK IN SCHOOLS

Seetec
PLUS

This two-week course is designed for anyone considering a career in schools, either as a teaching assistant, admin support, lunchtime supervisor, IT technician, caretaker or you could even use it as the first steps toward a career in teaching.

The qualification will prepare learners for further learning and training, whilst developing an understanding of the teaching and learning environment in a school setting, how to support the well-being of a child or young person and young person development.

On successfully completing this course you will gain qualifications in:

- Preparing to work in schools
- Awareness in mental health
- Understanding safeguarding in education and childcare settings
- British values.

**Next Course Starts
